

## **STATEMENT BY THE ISLAMIC MEDICAL ASSOCIATION**

Assalam Alaykum

ALHAMDULILLAH.... Praise be to ALLAH....for the new UK HALAL COMMISSION ...Congratulations to Dr Shuja Shafi from MCB and Congratulations to Dr Yunes Teinaz :Deputy Chairman of the Foods Standards Committee of MCB for their great help.

This is a new beginning and a new era for the cause of PROPHETIC DHABH,without any stunning, AND FOR THE CAUSE OF HALAL MEAT AND FOODS!

We hope insha'ALLAH,to "put our house in order" from today...as unfortunately for years, the so called halal meat industries have been cheating , and for longtimes,their own Muslim consumers ,by selling their meat and poultry,as Halal When they killed their animals ,by the use of all torture techniques of stunning,contrary to the Prophetic method of Dhabh!

We need to work more and lobby more in order to protect and keep,the Prophetic method of Dhabh,without stunning,as it is by law now.

We waited for longtimes for this most needed national UK Halal Commission,which will be soon,insha'ALLAH :EU HALAL COMMISSION

We hope also that the Association of non stun abattoirs(ANSA), will progress more and have more abattoirs joining them ,after making sure,they are all 100% honest and do not stun at any stage or time in all their animal slaughter and making sure also , that no mixing with stunned animals sold in the name of ANSA.

Like Dr Yunes in his e mail below, I thank Br Mohammed Saleem, from ANSA,for helping us in the launch of the UK Halal Commission.

and for his courageous stand to propogate the Prophetic method of Dhabh,without any stunning.

May ALLAH guide us all to obey sincerely our beloved Prophet Muhammad(peace be upon him) and to serve well the Muslim consumers , without any financial motive or interest or hidden agenda...!

Wassalam Alaykum
