## Abrj Al-Bait Development and the King Abdul Aziz Endowment Project

The Abrj Al-Bait project is one of the world's biggest development projects covering over 1.4 million square meters. It will have over 6000 units of housing and have seven towers forming the central area. The Abrj Al-Bait towers will house a 3000 room hotel complex, most of the rooms overlooking the Haram with views of the holy Kaaba. Construction firms such as Saudi's Bin-Laden group are involved in this massive project.

Face**

World Record Clock Face

## The Makkah Clock

The Clock Faces will sit at a height of 380 Meters on all sides of the royal tower and be visible from up to 17km during the night. The two largest faces will be 80m by 65m with an actual clock face of 39M Diameter. The "smaller" two faces being 65m by 39m with a clock face of 25m diameter. Designed by Swiss engineering firm Straintec the clock will be the biggest in the world.

Each Clock Face will bear the Name of Allah and an Observation platform will be sited just 5m below each face served by two lifts.

The clock faces are lit with a huge array of lights ensuring that they are visible during the hours of darkness.
