Saudi Arabia revises Ashura date to Tuesday the 6th of December

1. They accuse the Saudi Authorities (by this they mean the strictly Shariah abiding, very pious, and highly educated senior Fuqahaa, Muftis, or Jurists) 'only announce the sighting claim dates of Ramadhan, Shawwal, and Dhul Hijjah NO OTHERS'. This announcement for Muharram has shown that they do announce the sighting claim for other months as well, and not just for the three months associated with fardh Ibadat (see more at Saudi Fatawa and letter" Box at Home page).

2. They also falsely accuse the Saudi Authorities (i.e. the most learned and pious Fuqahaa) of not scrutinising (Jarrah) the witnesses properly and accept readily any sighting claim from any individual. This is untrue. In this case for Muharram, they not only scrutinised the witness, they reversed their announcement after learning of doubts about the authenticity of the claim. If the accusers think only they know how to scrutinise a witness, they are unfamiliar with the status of the pious and highly respected Ulama in Saudi Arabia. The accusers' form of scrutinising is to make sure the witness abides by the calculations based upon Jewish traditions and research that was totally and unambiguously rejected by our Nabi s.a.w - the founder of Shariah (6-Click to see). He (s.a.w.) ordered us to keep one extra fast on Ashura, just to show that we are different from the Jews as they fast on Ashura for only one day. This teaches us that we are not allowed to follow and imitate Jews even in our Ibadat, how can we follow them for fixing our Ibadat Dates by their condition of astronomical calculation (7-Click to see) and in

other walks of life. The enemies are doing exactly that which the Nabi s.a.w. prohibited us from: they fix, and FOLLOW the calendar derived from calculations based on Jewish traditions. That is why they will NOT accept any Moon Sighting claim if it contradicts their own Calendar. They rejected sighting witnessed by a pious Aalim, a pious Hafiz, and a Pious Muslim last year and made Muslims miss a Fardh Fast of Ramadhan (8-Click to see). Is this the level they will stoop to in their so called scrutinising? This is despite their own criterion based upon the rule that, in cloudy conditions, they are

required only one witness for start of Ramadhan. Yet, just to brain wash the innocent Muslims, they keep shouting that the Saudi Authority only follow Calculations. They, the accusers are the ones who follow calculations have they ever had to change from their Calendar dates based on Sighting claim? No. Because if any Moon Sighting claim is not in agreement with their calculation based calendars, they will reject the claim and not the calculation. Who is guilty? The Fataawaa of many Scholars show that calculations are not Sharee scale when scrutinising witnesses.

3. Muharram is NOT associated with any Fardh or obligatory Ibadat. Yet Saudi Authorities are so careful that they will change their Hilal Decision after going through the Shariah guided procedure. Can you imagine the extra care they must be taking when deciding about Hilal Decisions directly associated with Fardh Ibadat like Fasting and Haj? But the enemies of Allah, of Rasulallah, of Shariah, and of Muslims, continuously lay blame on the Saudi authorities spoiling our Ibadat. This serves the accusers purpose excellently and the only method they really have and that is to create doubts by Judo Christian New Moon theory in innocent minds about the validity and acceptance of our Ibadat (9-Click to see).

Brothers and Sisters please exercise caution when you are sent texts, emails to serve Shaitan's program of creating doubts, disunity, and degradation in the Muslim Ummah, instigated by Zionism against Islamic Shariah laws

specifically for the unique Saudi Sunni pure Shariah law system. Their aim is to change it by introducing Secular laws by forcing the head of Haramain Sharifain's land of Saudi Arabia the Khadimul Haramain King Abdullah bin Abdul Aziz (HA) and therefore to bring about a change to the Shariah law one step at a time and finally to end Shari laws entirely. May Allah protect Shariah laws, Saudia and all Muslims from their evil plans and keep us and all Muslims established on Siraate Mustaqeem, Aamin.
